School Description

Acalanes High School, "The Home of the Dons", was founded in 1940 and is one of four comprehensive high schools in the Acalanes Union High School District (AUHSD). The school is accredited by the Western Association of Schools and Colleges and has a rich tradition of excellence. Acalanes has a strong college preparatory program supported by extensive elective and co-curricular opportunities. It is our goal to prepare every student to graduate from high school with skills that will prepare them for the 21st century.

Our students acquire common knowledge based on the California Content Standards and skills in the disciplines of a comprehensive program. They participate in activities that promote collaboration and teach the habits of good citizenship. They demonstrate effective communication, develop a high level of critical-thinking skills, and are equipped with the ability to do quality research.

Acalanes has award-winning choral and instrumental music programs. Our school boasts top programs in dramatic arts, digital and traditional arts, and technical education including sports medicine, design and fabrication, as well as auto technology. The Acalanes student newspaper, "Blueprint", has won numerous local and national awards. School-sponsored extracurricular programs include Mock Trial, Academic Decathlon, Robotics, Science Bowl, Model U.N., and environmental science and service clubs. The leadership class plans school activities that promote school spirit, acceptance, and value diversity. Eighty-five percent of sports teams reach the playoffs and 70 percent earn North Coast Section scholarship recognition.

Mission Statement:

"Our mission is to develop responsible, productive, and informed citizens who appreciate and respect their own and others' uniqueness and worth."

Acalanes students will:

- Be creative and complex thinkers
- Demonstrate curricular knowledge and skills
- Demonstrate effective communication skills
- Be purposeful and responsible learners
- Be positive and productive citizens

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Textbooks used by Acalanes UHSD are based on current California content standards. Textbooks are chosen from lists pre-approved by state education officials.

In accordance with the California Education Code and the Williams Settlement mandates, procedures, monitoring processes, and reporting practices by principals and District departments have ensured that all students have access to the current, Standards-based textbooks, and instructional materials.

School Facility Conditions and Planned Improvements (Most Recent Year)

As a result of more than \$20-million in facilities bond measures a new Performing Arts Center and classroom wing were constructed and the Library and Language Lab were modernized. A new and efficient HVAC system was installed, bringing climate control to all instructional spaces. The main stadium complex has been renovated with new bleachers, track facilities, and the highest quality synthetic turf was replaced over the summer of 2013. The tennis courts have been rebuilt with lighting, and the baseball and softball fields have been completely modernized with improved drainage and irrigation. A new technical education facility has been constructed for Auto Technology, Design and Fabrication and Engineering Departments. The swimming pool reconstruction was completed and reopened June 2011.

The Acalanes Library and Media Center maintains a collection of more than 15,000 books and provides access to at least ten library databases and an online card catalog. The facility is open for student use before school, during lunch and after school until 5:30pm. The school had a wireless system installed, allowing for improved use of technology in the classrooms. There are three computer labs on campus used for Engineering and Architectural Design classes; Digital Arts classes; and Web Design, Video Production, and Computer Graphics classes. All computers on campus include Microsoft Office suite, are multimedia capable and connected to the Internet.

Solar Photovoltaic has been installed and is fully operational. Thermal solar for our pool has been installed and is fully operational. 500 student lockers have been painted. A meeting room was converted into a book storage room. We renovated the middle athletic field which included rough & finish grading, off haul of spoils, new sprinkler mains, laterals, heads, valves, controllers, galvanized gopher screen, 10" of conditioned amended soil, seed 95% fescue 5% Kentucky blue grass. The area was seeded, top dressed and irrigated in October of 2017. We experienced significant streambank erosions during the January rains. Geological engineers and all state agencies, including FEMA, met on site. The streambank erosion was mitigated using rip-rap and other state approved methods.

The school buildings and grounds are in very good to excellent condition. The classrooms and other buildings are cleaned on an A-B schedule and all restrooms, locker rooms, and science labs are cleaned nightly. The custodial staff is 5.5 FTE and they clean the school and the district office. There is one daytime custodian and the rest of the staff works a swing shift. There is one fulltime gardener onsite which takes care of Acalanes High School and the District Office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

Students with Disabilities

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Acalanes parents are a critical part of our learning community and are involved in a variety of school organizations such as the Acalanes Parent Club, the Lafayette Partners in Education, the Performing Arts and Athletic Boosters, various sports foundations, and as team and class liaisons.

The Acalanes Coordinating Council consists of representatives from the education foundation and the parent club organizations. They are responsible for fundraising plans and some budget approvals. Parent representatives are part of the Acalanes Site Advisory where they have an opportunity to provide input and are voting members for the final approval of the Acalanes Single Site Plan.

For more information on how to become involved, contact Meg Fellner or Casey Sasner, Acalanes Parent Club Co-Presidents, at (925) 280-3970 or via e-mail: president@acalanesparentclub.com.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Acalanes campus supervisor and site administrators monitor the school grounds 30 minutes before school starts and throughout the day. Acalanes is a closed campus; all visitors must register in the office and wear an identifying badge. Fire, shelter-in-place and intruder on campus drills are held three or more times a year in addition to reviewing and updating the disaster plan annually. The disaster plan was modified in September 2014 to include new construction and exit routes, and has incorporated Standard Emergency Management System protocol and procedures. Acalanes works closely with local police and fire departments to coordinate safety efforts. While the student handbook contains a list of offenses for which a student may be suspended or expelled as well as a chart with consequences for specific disciplinary infractions, staff and administrators work with students on restorative disciplinary practices as appropriate to hold students accountable for their actions.

The School Safety Plan was last reviewed, updated, and discussed with the school faculty in October 2017.

Professional Development provided for Teachers

Professional Development (Most Recent Three Years)

Acalanes Union High School District has focused on a participatory, inclusive model of professional development driven by choice and appreciated by teachers and administrators alike. The Educational Services department works closely with the Instructional Coaches and the site administration to gather input and offer a robust offering of Professional Development opportunities. Professional development opportunities in AUHSD include:

- District and site based Professional Development days (2 full days per year)
- Summer Institute (3 days)
- Instructional Summer Camps
- District and site based collaborative curricular release days
- Wednesday morning site based meetings
- Districtwide optional Professional Development days
- Districtwide after school curricular projects

- Work with Instructional Coaches
- Attendance at conferences and workshops
- Relevant training related to new standards and curriculum

With a variety of new educational initiatives including the adoption of California State Standards, Challenge Success, innovative instructional technology, achievement data analysis, the following areas of Professional Development are explored during the above mentioned opportunities.

Curricular Development

- Course content and standards
- Instructional practices
- Assessment data and best practice development

Learning Theory

- Science behind student learning
- Effective instructional strategies

Student Engagement

- Innovative practices
- Technology infusion
- Project Based Learning

Response to Intervention

- Targeted interventions for at risk students
- Classroom and schoolwide systems for academic intervention

Social Emotional Wellbeing

- School Wide systems for social and emotional intervention and support
- Connectedness and resilience

Types of Services Funded

During previous school years the Lafayette Partners in Education and the Acalanes Parents Club brought in more than \$500,000 to enrich the school environment. This year, the contribution is almost \$900,000. The monies were used to fund class sections, upgrade technology in the classroom, one-to-one devices for all 9th and 10th-grade students, peer tutoring, library resources, Crisis Counselors, support for the visual and Performing Arts, academic clubs, instructional materials and staff development. We are very grateful for the continued community support. Additionally, we receive support from the Athletic Boosters who fund all of the team equipment, coaches stipends, and major facility renovations including the recently added new scoreboards for all sports facilities and refinished middle field that was previously unusable. The Acalanes Performing Arts Boosters support all of the visual and performing arts programs that take place outside of the school day. They help fund the musical, plays, concerts, and educational trips.

Career Technical Education Programs

In cooperation with the Contra Costa County Office of Education, Acalanes offers 6 Regional Occupation Program courses in biotechnology, digital design 2, sports medicine, advanced sports

medicine, auto technology and advanced auto technology. These academically focused classes provide students with career training and technical skills that are essential for employment. Many of these classes fulfill University of California course requirements. All courses have an existing district adopted course of study and follow rigorous and relevant curriculum. All courses are regularly evaluated by the site and county administration.

The College and Career Center includes an extensive library of trade, technical and specialized school catalogs for students to review. All sophomores visit the center and complete an interest survey using software that creates links between their occupational interest and college majors. A Job File and Job Board list part-time jobs that are available to students. Job shadowing and volunteer opportunities are also available.

A full-time Transition Specialist provides services to students with educational and physical disabilities who are preparing for post-high school training and education. All students are provided the

opportunity to enroll within the Career Technical Education courses.

Acalanes offers courses intended to help students prepare for the world of work. These Career Technical Education (CTE) courses, formerly known as Vocational Education, are open to all students and include:

- Auto Technology
- Auto Technology, Advanced
- Biotech
- Digital Design 2
- Sport's Medicine
- Sport's Medicine, Advanced

<u>DataQuest</u>
DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about
this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for
accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
Internat Access
Internet Access
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at
libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length
of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print
documents.
