

## Canvas Parent Access – Generating a Student Pairing Code

For each student you have in the district, you will need a student pairing code to set up your Canvas Parent Account.

Repeat this process for each student you have in the district. Student logs into their Canvas on a computer (easier than using a mobile device.)

1. Click on the Account Icon. (Image A, 1)
2. Select Settings. (Image A, 2)
3. Click the Pair with Observer button. (Image B)
4. Write down the pairing code. (Image C, 1)  
Note, the pairing code is case sensitive.
5. To close the window, click the OK button (Image C, 2.)

Now, you can create your Canvas Parent Account. Follow the instructions on the the Canvas Parent Access – Mobile App page if you are creating your account using your phone or tablet, or use the Canvas Parent Access – Web Portal page if using a computer.
