To Our Acalanes Adult Education Community,

Since 1945, Acalanes Adult Education (AAE) has provided educational opportunities to the residents of Lafayette, Moraga, Orinda, Walnut Creek and surrounding communities. AAE fosters lifelong learning, meeting the needs of a student body diverse in age, background, and interests, by providing a stimulating curriculum delivered by a qualified, supportive, and dedicated staff. Given these current times, the staff at AAE are grateful for the continued support of our community of learners and our steady enrollment during Fall, 2020 through our Distance Learning model.

As always, the health and safety of our students and staff are paramount. We are eager to present our Winter class offerings and know AAE will continue to follow the guidance from state and local health officials, and follow the guidelines established by our District.

In preparation for this Winter brochure, staff were surveyed and overwhelmingly wish to continue offering courses through Distance Learning. Should we be able to begin allowing limited face-to-face instruction, AAE has a plan in place and class sizes will be limited to not more than 15 students to allow for proper social distancing and some classes may be offered in a hybrid face-to-face and online format.

Enhanced Health and Safety Measures (Please see page 1 for explicit details):

Physical distancing and capacity measures

Cleanliness and sanitization

Screening and prevention support

Please note we will be adjusting our refund policy to properly address the current situation, so please refer to page 1 for our current, modified refund policy. AAE will continue to offer online registration where students may enroll in classes and pay the course fees with Discover, MasterCard, Visa and we now accept American Express. We encourage you to enroll early so that you reserve your space in a class that is popular, or keep from being cancelled due to low enrollment.

Thank you for your ongoing support of AAE and I look forward to seeing you in our classes during our Winter, 2021 term.

Thank you,

Steven France

The First of the Plantagenet's, Henry II - Henry III - 5 classes

First it was the Normans now it's the Angevin's. In this class we will discover how the next ruling family of England, the Plantagenet's, changed England. Henry II, grandson of William the Conqueror, is the first of the Plantagenet's who hails from Anjou France. As King of England Henry rules more territory in France than the King of France, he is responsible for much of our current legal system and instigated, intentionally or not, one of the most famous murders in history. His sons Richard the Lionheart and John Lackland have reputations as one of the best and the worst kings of England, are these reputations justified? And Henry's wife Eleanor of Aquitaine has a fascinating history all on her own. We will conclude our examination of the first half of the Plantagenet rulers with Henry III, who ruled over England for 50 years as a weak king who was forced to set up Parliament and was a great patron of medieval architecture.

Rise of the West in World History - 6 classes N

This course begins with the civilizations of the Americas, Africa, and the Pacific Islands on the eve of the discovery of the New World. That discovery and the wealth that was extracted from the Americas completely changed the relationship of Western Europe to the rest of the world. The center of the world economy and civilization moved from the Middle East and the advanced civilizations of India and China to Western Europe. In Europe the center was not the countries on the Mediterranean like Greece and Rome, but those that jut out into the Atlantic: Spain, Portugal, the Netherlands, France and England. A major source for this course is Yuval Noah Harari's book Sapiens.
