

Distinguidos alumnas y alumnos de AP Spanish Language and Culture,

Gracias por escoger AP Spanish Language and Culture.

Aquí les presento unos sitios para practicar la gramática.

\*All of these practices also give the answers with feedback so you can review them.

[Si clauses \(autograded practice\)](#)

[Present Subjunctive Mood](#)

[Past Subjunctive Mood](#)

Grammar will be reviewed as needed, as AP Spanish is based on world themes and not intensely grammar focused. Knowing how to use the above grammar will help give you a better foundation for expressing yourself and the many topics you'll learn in the class. This is optional but highly recommended work.

¡Espero verlos en agosto!

Atentamente,

Sra. Amaro
