General Instructions

Section references are to the Internal Revenue Code.

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2022 if you meet both of the following conditions: you had no federal income tax liability in 2021 and you expect to have no federal income tax liability in 2022. You had no federal income tax liability in 2021 if (1) your total tax on line 24 on your 2021 Form 1040 or 1040-SR is zero (or less than the sum of lines 27a, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2022 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2023.

Your privacy. If you prefer to limit information provided in Steps 2 through 4, use the online estimator, which will also increase accuracy.

As an alternative to the estimator: if you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c). If this is the only job in your household, you may instead check the box in Step 2(c), which will increase your withholding and significantly reduce your paycheck (often by thousands of dollars over the year).

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

- Expect to work only part of the year;
- 2. Have dividend or capital gain income, or are subject to additional taxes, such as Additional Medicare Tax;
- Have self-employment income (see below); or
- 4. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

If you (and your spouse) have a total of only two jobs, you may instead check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include other tax credits for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2022 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay each pay period, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) - Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

1	Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3	1	\$
2	Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.		
	a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a	2a	\$
	b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b	2b	\$
	c Add the amounts from lines 2a and 2b and enter the result on line 2c	2c	\$
3	Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc	3	
4	Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)	4	\$
	Step 4(b) - Deductions Worksheet (Keep for your records.)		#
1	Enter an estimate of your 2022 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1	\$
2	Enter: • \$25,900 if you're married filing jointly or qualifying widow(er) • \$19,400 if you're head of household • \$12,950 if you're single or married filing separately	2	\$
3	If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"	3	\$
4	Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information	4	\$
5	Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4	5	\$

Purpose: This certificate, DE 4, is for **California Personal Income Tax (PIT)** withholding purposes only. The DE 4 is used to compute the amount of taxes to be withheld from your wages, by your employer, to accurately reflect your state tax withholding obligation.

Beginning January 1, 2020, Employee's Withholding Allowance Certificate (Form W-4) from the Internal Revenue Service (IRS) will be used for federal income tax withholding only. You must file the state form Employee's Withholding Allowance Certificate (DE 4) to determine the appropriate California PIT withholding.

If you do not provide your employer with a withholding certificate, the employer must use Single with Zero withholding allowance.

Check Your Withholding: After your DE 4 takes effect, compare the state income tax withheld with your estimated total annual tax. For state withholding, use the worksheets on this form.

Exemption From Withholding: If you wish to claim exempt, complete the federal Form W-4 and the state DE 4. You may claim exempt from withholding California income tax if you meet both of the following conditions for exemption:

- You did not owe any federal/state income tax last year, and
- 2. You do not expect to owe any federal/state income tax this year. The exemption is good for one year.

If you continue to qualify for the exempt filing status, a new DE 4 designating **exempt** must be submitted by February 15 each year to continue your exemption. If you are not having federal/state income tax withheld this year but expect to have a tax liability next year, you are required to give your employer a new DE 4 by December 1.

Member Service Civil Relief Act: Under this act, as provided by the Military Spouses Residency Relief Act and the Veterans Benefits and Transition Act of 2018, you may be exempt from California income tax withholding on your wages if

- Your spouse is a member of the armed forces present in California in compliance with military orders;
- (ii) You are present in California solely to be with your spouse; and
- (iii) You maintain your domicile in another state.

If you claim exemption under this act, check the box on Line 4. You may be required to provide proof of exemption upon request.

The <u>California Employer's Guide</u> (DE 44) (edd.ca.gov/pdf_pub_ctr/de44.pdf) provides the income tax withholding tables. This publication may be found by visiting <u>Payroll Taxes - Forms and Publications</u> (edd.ca.gov/Payroll_Taxes/Forms_and_Publications.htm). To assist you in calculating your tax liability, please visit the <u>Franchise Tax Board (FTB)</u> (ftb.ca.gov).
If you need information on your last California Resident Income Tax Return (FTB Form 540), visit the FTB (ftb.ca.gov).

Notification: The burden of proof rests with the employee to show the correct California income tax withholding. Pursuant to section 4340-1(e) of Title 22, California Code of Regulations (CCR) (govt.westlaw.com/calregs/Search/Index), the FTB or the EDD may, by special direction in writing, require an employer to submit a Form W-4 or DE 4 when such forms are necessary for the administration of the withholding tax programs.

Penalty: You may be fined \$500 if you file, with no reasonable basis, a DE 4 that results in less tax being withheld than is properly allowable. In addition, criminal penalties apply for willfully supplying false or fraudulent information or failing to supply information requiring an increase in withholding. This is provided by section 13101 of the California Unemployment Insurance Code (leginfo.legislature. ca.gov/faces/codes.xhtml) and section 19176 of the Revenue and Taxation Code (leginfo.legislature.ca.gov/faces/codes).xhtml).

Worksheets

Instructions - 1 - Allowances*

When determining your withholding allowances, you must consider your personal situation:

- Do you claim allowances for dependents or blindness?
- Will you itemize your deductions?
- Do you have more than one income coming into the household?

Two-Earners/Multiple Incomes: When earnings are derived from more than one source, under-withholding may occur. If you have a working spouse or more than one job, it is best to check the box "SINGLE or MARRIED (with two or more incomes)." Figure the total number of allowances you are entitled to claim on all jobs using only one DE 4 form. Claim allowances with one employer.

Do **not** claim the same allowances with more than one employer. Your withholding will usually be most accurate when all allowances are claimed on the DE 4 filed for the highest paying job and zero allowances are claimed for the others.

Married But Not Living With Your Spouse: You may check the "Head of Household" marital status box if you meet all of the following tests:

- (1) Your spouse will not live with you at any time during the year;
- (2) You will furnish over half of the cost of maintaining a home for the entire year for yourself and your child or stepchild who qualifies as your dependent; and
- (3) You will file a separate return for the year.

Head of Household: To qualify, you must be unmarried or legally separated from your spouse and pay more than 50% of the costs of maintaining a home for the entire year for yourself and your dependent(s) or other qualifying individuals. Cost of maintaining the home includes such items as rent, property insurance, property taxes, mortgage interest, repairs, utilities, and cost of food. It does not include the individual's personal expenses or any amount which represents value of services performed by a member of the household of the taxpayer.

Instructions - 2 - (Optional) Additional Withholding Allowances

7. If line 5 is greater than line 6 (if less, see below (go to line 9));

If you expect to itemize deductions on your California income tax return, you can claim additional withholding allowances. Use Worksheet B to determine whether your expected estimated deductions may entitle you to claim one or more additional withholding allowances. Use last year's FTB Form 540 as a model to calculate this year's withholding amounts.

Do not include deferred compensation, qualified pension payments, or flexible benefits, etc., that are deducted from your gross pay but are not taxed on this worksheet.

You may reduce the amount of tax withheld from your wages by claiming one additional withholding allowance for each \$1,000, or fraction of \$1,000, by which you expect your estimated deductions for the year to exceed your allowable standard deduction.

Worksheet B Estimated Deductions

Use this worksheet only if you plan to itemize deductions, claim certain adjustments to income, or have a large amount of nonwage income not subject to withholding.

- 1. Enter an estimate of your itemized deductions for California taxes for this tax year as listed in the schedules in the FTB Form 540 1.
- 2. Enter \$9,606 if married filing joint with two or more allowances, unmarried head of household, or qualifying widow(er) with dependent(s) or \$4,803 if single or married filing separately, dual income married, or married with multiple employers
- 3. Subtract line 2 from line 1, enter difference = 3.
- 4. Enter an estimate of your adjustments to income (alimony payments, IRA deposits)
- 5. Add line 4 to line 3, enter sum = 5. 0
- 6. Enter an estimate of your nonwage income (dividends, interest income, alimony receipts) 6.
- Subtract line 6 from line 5, enter difference = 7. 0
- 8. Divide the amount on line 7 by \$1,000, round any fraction to the nearest whole number enter this number on line 1b of the DE 4. Complete Worksheet C, if needed, otherwise **stop here**.
- 9. If line 6 is greater than line 5;
 Enter amount from line 6 (nonwage income)
- 10. Enter amount from line 5 (deductions)
 11. Subtract line 10 from line 9, enter difference. Then, complete Worksheet C.

^{*}Wages paid to registered domestic partners will be treated the same for state income tax purposes as wages paid to spouses for California PIT withholding and PIT wages. This law does not impact federal income tax law. A registered domestic partner means an individual partner in a domestic partner relationship within the meaning of section 297 of the Family Code. For more information, please call our Taxpayer Assistance Center at 1-888-745-3886.

2.	Enter estimate of nonwage income (line 6 of Worksheet B).	2.
3.	Add line 1 and line 2. Enter sum.	3.
4.	Enter itemized deductions or standard deduction (line 1 or 2 of Worksheet B, whichever is largest).	4.
5.	Enter adjustments to income (line 4 of Worksheet B).	5.
6.	Add line 4 and line 5. Enter sum.	6.
7.	Subtract line 6 from line 3. Enter difference.	7. 0
8.	Figure your tax liability for the amount on line 7 by using the 2022 tax rate schedules below.	8.

11.	Enter any tax credits. (See FTB Form 540).	11.
12.	Subtract line 11 from line 10. Enter difference. This is your total tax liability.	12. 0
13.	Calculate the tax withheld and estimated to be withheld during 2022. Contact your employer to request the amount that will be withheld on your wages based on the marital status and number of withholding allowances you will claim for 2022. Multiply the estimated amount to be withheld by the number of pay	
	periods left in the year. Add the total to the amount already withheld for 2022.	13.
14.	Subtract line 13 from line 12. Enter difference. If this is less than zero, you do not need to have additional taxes withheld.	14. 0
15.	Divide line 14 by the number of pay periods remaining in the year. Enter this figure on line 2 of the DE 4.	15.

Note: Your employer is not required to withhold the additional amount requested on line 2 of your DE 4. If your employer does not agree to withhold the additional amount, you may increase your withholdings as much as possible by using the "single" status with "zero" allowances. If the amount withheld still results in an underpayment of state income taxes, you may need to file quarterly estimates on Form 540-ES with the FTB to avoid a penalty.

TUBERCULOSIS SCREENING

All employees must either provide a copy of a current negative TB test or Risk Assessment Questionnaire (within the past 60 days) or get tested immediately upon employment. Failure to provide a current TB clearance will result in employee being placed on leave without pay until proof is provided to the Human Resources Department.

You may choose to use your own doctor or call Concentra, 2231 Galaxy Court, Concord, 925-685-7744 or Concentra, 1981 N. Broadway, Suite 190, Walnut Creek, 925-932-7715. You are responsible for the cost of the test.

If you have had a positive TB test, you will need a chest x-ray or Risk Assessment Questionnaire to prove clearance. This can be done through your own doctor or at Concentra at your own expense.

Please provide our Human Resources Department with verification of TB clearance before start of employment.

School Staff & Volunteers: Tuberculosis Risk Assessment

Job-related requirement for child care, pre-K, K-12, and community colleges

The purpose of this tool is to identify **adults** with infectious tuberculosis (TB) to prevent them from spreading TB. Use of this risk assessment is required in the California Education Code, Sections 49406 and 87408.6 and the California Health and Safety Code, Sections 1597.055 and 121525, 121545, and 121555.

The law requires that a health care provider administer this risk assessment. A health care provider, as defined for this purpose, is any organization, facility, institution or person licensed, certified or otherwise authorized or permitted by state law to deliver or furnish health services. Any person administering this risk assessment is to have training in the purpose and significance of the risk assessment and Certificate of Completion.

Yes						
If there is a documented history of positive TB test (infection) or TB disease, then a symptom review and chest x-ray (if none performed in previous 6 months) should be performed at initial hire by a physician, physician assistant, or nurse practitioner. Once a person has a documented positive test for TB infection that has been followed by an x-ray that was determined to be free of infectious TB, the TB risk assessment (and repeat x-rays) is no longer required. If an employee or volunteer becomes symptomatic for TB, then he/she should seek care from his/her health care provider.						
☐ No (Assess for Risk Factors for Tuberculosis using box below)						
Risk Factors for Tuberculosis (Check appropriate boxes below) If any of the 5 boxes below are checked, perform a Mantoux tuberculin skin test (TST) or Interferon Gamma Release Assay (IGRA). Re-testing with TST or IGRA should only be done in persons who previously tested negative, and have new risk factors since the last assessment. A positive TST or IGRA should be followed by a chest x-ray, and if normal, treatment for TB infection considered. (Centers for Disease Control and Prevention [CDC]). School Staff & Volunteers: Tuberculosis Risk Assessment User Guide

Job-related requirement for child care, pre-K, K-12, and community colleges

Background

California law requires that school staff working with children and community college students be free of infectious tuberculosis (TB). These updated laws reflect current federal Centers for Disease Control and Prevention (CDC) recommendations for targeted TB testing. Enacted laws, AB 1667, effective on January 1, 2015, SB 792 on September 1, 2016, and SB 1038 on January 1, 2017, require a tuberculosis (TB) risk assessment be administered and if risk factors are identified, a TB test and examination be performed by a health care provider to determine that the person is free of infectious tuberculosis. The use of the TB risk assessment and the Certificate of Completion, developed by the California Department of Public Health (CDPH) and California TB Controllers Association (CTCA) are also required.

AB 1667 impacted the following groups on 1/1/2015:

- 1. Persons employed by a K-12 school district, or employed under contract, in a certificated or classified position (California Education Code, Section 49406)
- 2. Persons employed, or employed under contract, by a private or parochial elementary or secondary school, or any nursery school (California Health and Safety Code, Sections 121525 and 121555).
- 3. Persons providing for the transportation of pupils under authorized contract in public, charter, private or parochial elementary or secondary schools (California Education Code, Section 49406 and California Health and Safety Code, Section 121525).
- 4. Persons volunteering with frequent or prolonged contact with pupils (California Education Code, Section 49406 and California Health and Safety Code, Section 121545).

SB 792 impacted the following group on 9/1/2016:

Persons employed as a teacher in a child care center (California Health and Safety Code Section 1597.055).

SB 1038 impacts the following group on 1/1/2017:

Persons employed by a community college district in an academic or classified position (California Education Code, Section 87408.6).

Testing for latent TB infection (LTBI)

Because an interferon gamma release assay (IGRA) blood test has increased specificity for TB infection in persons vaccinated with BCG, IGRA is preferred over the tuberculin skin test (TST) in these persons. Most persons born outside the United States have been vaccinated with BCG.

Repeat risk assessment and testing

If there is a documented history of positive TB test or TB disease, then a symptom review and chest x-ray should be performed at initial hire. Once a person has a documented positive test for TB infection that has been followed by a chest x-ray (CXR) that was determined to be free of infectious TB, the TB risk assessment (and repeat x-rays) is no longer required.

Repeat risk assessments should occur every four years (unless otherwise required) to identify any additional risk factors, and TB testing based on the results of the TB risk assessment. Re-testing should only be done in persons who previously tested negative, and have new risk factors since the last assessment.

Previous or inactive tuberculosis

Persons with a previous chest radiograph showing findings consistent with previous or inactive TB should be tested for LTBI. In addition to LTBI testing, evaluate for active TB disease.

Negative test for LTBI does not rule out TB disease
It is important to remember that a negative TST or IGRA result does not rule out active TB disease. In fact, a negative TST or IGRA in a person with active TB can be a sign of extensive disease and poor outcome.

Symptoms of TB should trigger evaluation for active TB disease

Persons with any of the following symptoms that are otherwise unexplained should be medically evaluated: cough for more than 2-3 weeks, fevers, night sweats, weight loss, hemoptysis.

TB infection treatment is recommended

Shorter regimens for treating LTBI have been shown to be as effective as 9 months of isoniazid, and are more likely to be completed. Shorter regimens are preferred in most situations. Drug-drug interactions and contact to drug resistant TB are frequent reasons these regimens cannot be used.

Please consult with your local public health department on any other recommendations and mandates that should also be considered.

Certificate of Completion Tuberculosis Risk Assessment and/or Examination

To satisfy **job-related requirements** in the California Education Code, Sections 49406 and 87408.6 and the California Health and Safety Code, Sections 1597.055, 121525, 121545 and 121555.

First and Last Name of the person assessed and/or examined:
Date of assessment and/or examination:mo./day/yr.
Date of Birth:mo./day/vr.
The above named patient has submitted to a tuberculosis risk assessment. The patient does not have risk factors, or if tuberculosis risk factors were identified, the patient has been examined and determined to be free of infectious tuberculosis.

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS

Hepatitis B Vaccine Declination

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with hepatitis B vaccine, at no charge to myself. However, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to me.
