Part II - Adjustments for Employment Separation Costs	
When an employee separates from service, the local educational agency (LEA) may incur costs associated with the s to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "r or mass" separation costs.	
Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect cost may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may ice these costs on Line A for inclusion in the indirect cost pool.	sts. State programs normal separation
Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for e	such as a Golden charged to federal positions in general

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No	

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.
