Graduation Data

Definitions Used in Producing Graduation Cohort Outcome Data

Cohort: Cohort is the group of students that could potentially graduate during a four-year time period (grade 9 through grade 12.) The students enter 9th grade for the first time in the initial year of the four years used for the cohort.

Adjusted Cohort: The cohort as mentioned above is adjusted by:

- Adding students who later transfer into the cohort during grade 9 (year 1), grade 10 (year 2), grade 11 (year 3), and grade 12 (year 4); and
- Subtracting students who transfer out, emigrate to another country, or die during the four-year cohort period.

The four-year adjusted cohort is the basis for calculating graduation rates, dropout rates, and other related rates.

Students who drop out during the four-year period remain in the cohort, as well as students that complete 12th grade and exit the educational system without graduating.

Students that take longer than four years to graduate or remain enrolled after four years are also included as part of the cohort.

Cohort Graduation Rate: The four-year graduation rate is calculated by dividing the number of students in the four-year adjusted cohort who graduate in four years or less (with either traditional high school diploma, an adult education high school diploma, or having passed the California High School Proficiency Exam (CHSPE) by the number of students who form the adjusted cohort for that graduation class.

of cohort members who earned a regular high school diploma by the end of year 4 in the cohort
DIVIDED BY
 # of students who form the adjusted cohort for that graduation class.

Cohort Dropout Rate: This is the rate of students that leave the 9-12 instructional system without a high school diploma, passing a high school equivalency exam or special education certificate of completion and do not remain enrolled after the end of the year four.

of students in the four-year cohort that dropped out by the end of the year 4 of the cohort
DIVIDED BY
 # of students who form the adjusted cohort for that graduation class.

2017 Assessment Report

Cohort High School Equivalency Passer Rate: This is the rate of students that leave the 9-12 instructional system without a high school diploma, but have passed a HS equivalency exam (e. GED)

of students in the four-year cohort that passed a HS equivalency
DIVIDED BY
of students who form the adjusted cohort for that graduation class.

Cohort Special Education Certificate of Completion Rate: This is the rate of special education students that leave the 9-12 instructional system without a high school diploma, but have completed the requirements necessary to obtain a special education certificate of completion.

of students in the four-year cohort that received his/her special education certificate of completion by the end of year 4 of the cohort
DIVIDED BY
of students who form the adjusted cohort for that graduation class.

Cohort Still Enrolled Rate: This is the rate of students that remain enrolled in the 9-12 instructional system without a high school diploma after the end of the year four of high school.

of students in the four-year cohort that are enrolled after the end of the 4th year
DIVIDED BY
of students who form the adjusted cohort for that graduation class.

2017 Assessment Report

The following graduation data are for the 2015-2016 school year. At the time of this report, 2016-2017 graduation data has not been released by the California Department of Education.

AUHSD Graduation Data (2015-2016 Cohort)

**AUHSD Graduation Rate 2014 through 2016 by Subgroup:
Race and Ethnicity**

A/G Readiness

Admission to CSU and UC is dependent on the completion and grades in the “a-g” course work. Students are a-g ready if they complete all a-g requirements with a grade of C or above. This data will most likely be included in the College and Career Readiness Indicator in the California School Dashboard.

The table below includes numbers and percent of graduates meeting a-g requirements. Some of the subgroup information was omitted due to a small number of students in an effort to protect student confidentiality.

The SAT Program

The SAT (formerly known as the SAT I: Reasoning Test) is a College Board assessment designed to assess student reasoning based on knowledge and skills developed by the students in their course work. The College Board administered the first redesigned SAT in March 2016.

The redesigned SAT reverted to the 1600 point scale from the 2400 point scale used in recent years. The writing portion of the SAT is now optional.

Eight key changes to the SAT include:

- More accurate alignment to high school curriculum
- Shift in vocabulary (words in context)
- Emphasis on use of evidence in answers
- Optional essay
- Removal of penalty for incorrect answers
- Free tutoring through partnership with Khan Academy

Due to the significant changes in the scoring scale on the SAT exam, longitudinal data including current and prior test comparisons will not be included. The following report will look at cohort of students. 2017 Cohort includes some students who took the old SAT as well as those who took the new SAT. Their scores have been concorded to the new SAT score scale.

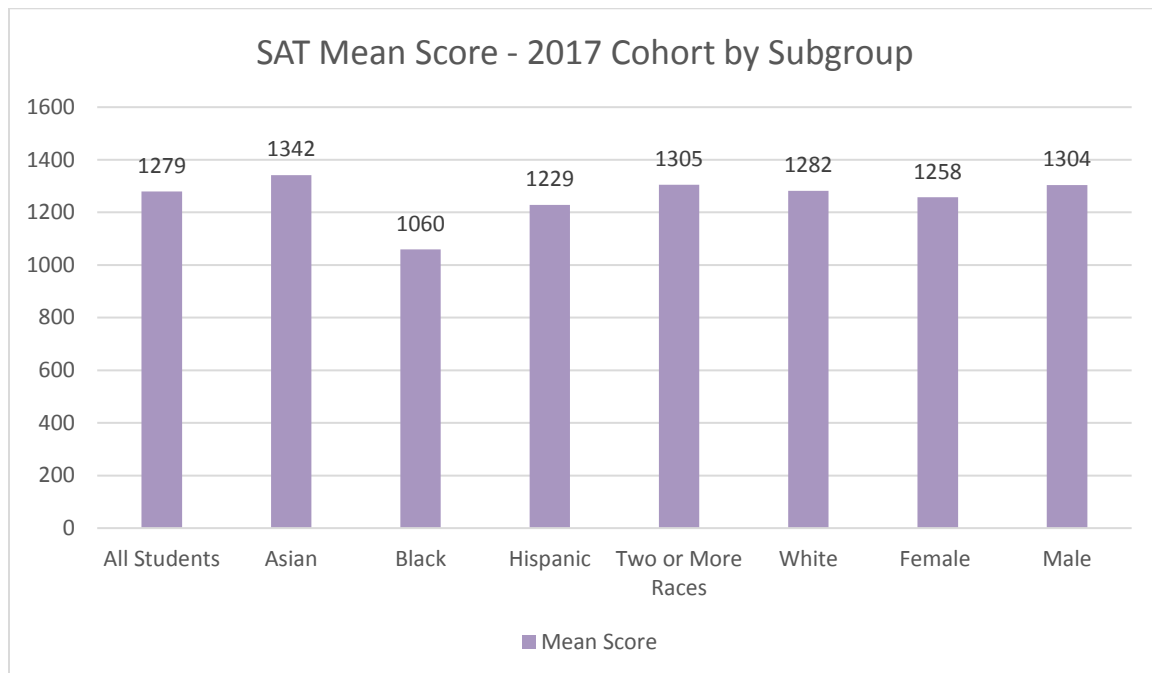

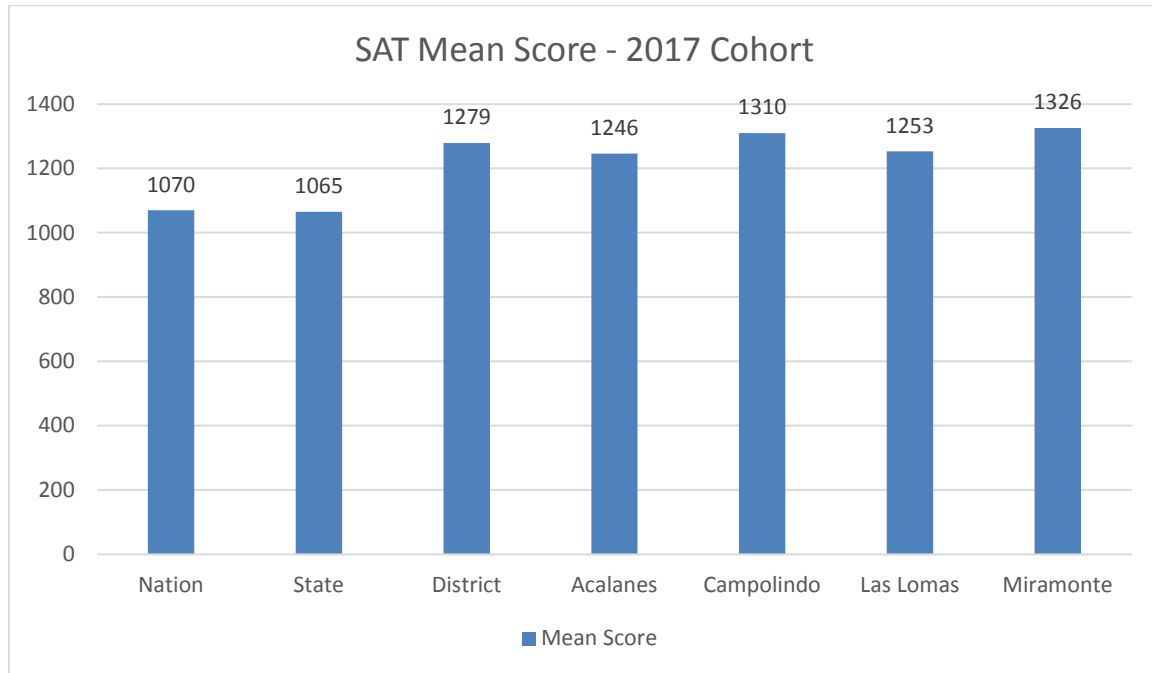

2017	AHS (166)	CHS (127)	LLHS (192)	MHS (141)	AUHSD (627)	STATE (221,230)	NATION (1,829,298)

SAT Subject Tests

The SAT Subjects Tests (formerly SAT II: Subject Tests) are a series of one-hour, mostly multiple choice tests designed to measure students' knowledge and skills in a particular academic subject and how well they can apply that knowledge. The SAT Subject Test remained unchanged. Following are the SAT Subject Test curricular areas:

- **English**
 - Literature
- **History and Social Studies**
 - United States History (formerly American History and Social Studies)
 - World History
- **Mathematics**
 - Mathematics Level 1 (formerly Mathematics IC)
 - Mathematics Level 2 (formerly Mathematics IIC)
- **Science**
 - Biology E/M
 - Chemistry
 - Physics
- **Languages**
 - French and French with Listening
 - German and German with Listening
 - Modern Hebrew
 - Italian
 - Japanese with Listening
 - Korean with Listening
 - Latin
 - Spanish and Spanish with Listening

Tables below are multi-year summaries of SAT Subject results. Various SAT Subject tests are taken by very few students resulting in lack of significant data. Those tests are not in the table (ex. French, Japanese, etc.)

The ACT

The ACT is a curriculum and standards based test designed to assess student readiness for college. The assessment consists of four multiple-choice tests: English, mathematics, reading, and science. The ACT has an optional component that measures writing skills.

The assessment is reviewed and revised on regular basis to adjust to changing standards and curriculum.

College Admission Profile (Class of 2014, 2015, 2016 and 2017)

The College Admission Profile report provides a list of colleges and summary statistics of the average and minimum SAT scores, ACT scores and GPA's of accepted students. The data is districtwide.

To protect the confidentiality of students, colleges with fewer than five applicants or fewer than three accepted students have been withheld.

Data Notes:

- Data includes four graduating classes (2014, 2015, 2016, 2017)
- The Grade Point Average (GPA) represents un-weighted high school GPA
- The SAT scores are on the 1600 scale, which means that most SAT scores in the table below have been concorded from the 2400 scale
- Admission profile data has been pulled from Naviance
