Graduation Data

The report below displays the four-year adjusted cohort graduation rate by Race/Ethnicity or Program Subgroup for the 2016-2017 school year. The report also includes the number of graduates who met UC/CSU entrance requirements, earned a State Seal of Biliteracy or earned a Golden Seal Merit Diploma.

The four-year adjusted cohort graduation rate is the number of students who graduate from high school in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. The four-year cohort is based on the number of students who enter grade 9 for the first time adjusted by adding into the cohort any student who transfers in later during grade 9 or during the next three years and subtracting any student from the cohort who transfers out, emigrates to another country, transfers to a prison or juvenile facility, or dies during that same period.

For the adjusted cohort graduation rate, a “regular high school diploma” is the standard high school diploma awarded to the students and does not include a general equivalency diploma, certificate of completion, certificate of attendance, or any other similar or lesser credential, such as a diploma based on meeting Individualized Education Program (IEP) goals. 2016-2017 is the first time adjusted cohort graduation rate does not include diploma equivalency tests and therefore represents different methodology in calculating graduation rate than what was used in prior years.

California School Dashboard includes graduation rate as one of the measures and will include UC/CSU entrance requirements, Seal of Biliteracy and Golden State Seal Merit Diploma as parts of the College and Career indicator. Below are the definitions of those terms.

Golden State Seal Merit Diploma Indicator: Those cohort graduates who, in accordance with Education Code Section 51454, earned the Golden State Seal Merit Diploma by having (a) completed of all requirements for a high school diploma, and (b) demonstrated mastery of the curriculum in at least six subject matter areas, four of which shall be mathematics, English language arts, science, and United States history, with the remaining two subject matter areas selected by the student.

Graduates Meeting UC/CSU Requirements: Those cohort graduates who a local educational agency determined met all the (a-g) requirements for admission to a University of California or California State University school.

State Seal of Biliteracy: Those cohort graduates who, in accordance with Education Code Section 51460(a), attained a high level of proficiency in one or more languages (including American Sign Language), in addition to English and earned the State Seal of Biliteracy.

Due to changes in the methodology for calculating the 2016-17 adjusted cohort graduation rate and subsequent years, the CDE strongly discourages against comparing the 2016-17 data with the cohort outcome data from prior years.

A-G Readiness

Admission to CSU and UC is dependent on the completion and grades in the "a-g" course work. Students are a-g ready if they complete all a-g requirements with a grade of C or above. This data will be included in the College and Career Readiness Indicator in the California School Dashboard.

The table below includes numbers and percent of graduates meeting a-g requirements. Some of the subgroup information was omitted due to a small number of students in an effort to protect student confidentiality.

The SAT Program

The SAT (formerly known as the SAT I: Reasoning Test) is a College Board assessment designed to assess student reasoning based on knowledge and skills developed by the students in their course work. The College Board administered the first redesigned SAT in March 2016.

The redesigned SAT reverted to the 1600 point scale from the 2400 point scale used in recent years. The writing portion of the SAT is now optional.

Eight key changes to the SAT include:

- More accurate alignment to high school curriculum
- Shift in vocabulary (words in context)
- Emphasis on use of evidence in answers
- Optional essay
- Removal of penalty for incorrect answers
- Free tutoring through partnership with Khan Academy

Due to the significant changes in the scoring scale on the SAT exam, the data below includes the 2017 and 2018 test administrations only. Scores would not be comparable to the prior SAT test administrations.

The ACT

The ACT is a curriculum and standards based test designed to assess student readiness for college. The assessment consists of four multiple-choice tests: English, mathematics, reading, and science. The ACT has an optional component that measures writing skills.

The assessment is reviewed and revised on regular basis to adjust to changing standards and curriculum.

College Admission Profile (Class of 2015, 2016, 2017 and 2018)

The College Admission Profile report provides a list of colleges and summary statistics of the average and minimum SAT scores, ACT scores and GPA's of accepted students. The data is districtwide.

To protect the confidentiality of students, colleges with fewer than five applicants or fewer than three accepted students have been withheld.

Data Notes:

- Data includes four graduating classes (2015, 2016, 2017,2018)
- The Grade Point Average (GPA) represents un-weighted high school GPA
- The SAT scores are on the 1600 scale, which means that most SAT scores in the table below have been concorded from the 2400 scale
- Admission profile data has been pulled from Naviance
