California Assessment of Student Performance and Progress (CAASPP)

2018-2019 school year, marked the fifth year of administration of the California Assessment of Student Performance and Progress (CAASPP) System of state assessments to the AUHSD students.

2018-2019 CAASPP System included the following required assessments and tools:

- Smarter Balanced Assessments
 - Summative Assessment for grade 11 for English Language Arts/Literacy (ELA) and mathematics
 - Interim Assessments and Interim Assessment Blocks available to all grades with the purpose of informing and promoting teaching and learning by providing “practice” assessments aligned to the Common Core State Standards
 - Digital Library consisting of tools and practices designed to help teachers transition to the new assessments and academic standards
- Alternate Assessments
 - California Alternate Assessments (CAAs) for eligible grade 11 for English Language Arts (ELA) and mathematics
- California Science Test (CAST)
 - California Science Test (CAST) given to students who have completed all science state standards or 12th graders
- Standards-based Tests in Spanish (STS)
 - Optional reading/language arts assessments for grade 11 students

All assessments were delivered by computer and consist of a Computer-Adaptive Selected Response Test and a Performance Task. These assessments were aligned to the California Common Core Standards in ELA and mathematics. The science test was aligned to the Next Generation Science Standards.

Interim Assessments and Interim Blocks were widely utilized in the classrooms across the district to get the students familiar with the testing interface and inform the teachers of types of questions and practices being assessed.

The Digital Library was available; however, was infrequently used by the AUHSD teachers and administrators.

Smarter Balanced Assessment Results

- Smarter Balanced Assessment is given to all Grade 11 students
- Students eligible through their IEP to participate in a California Alternate Assessment do not take the Smarter Balanced Assessment
- English Learners who are in their first 12 months of attending a school in United States are exempt from taking the English Language Arts Smarter Balanced Assessment.
- Four levels of achievement:
 - Standard Exceeded: Level 4
 - Standard Met: Level 3
 - Standard Nearly Met: Level 2
 - Standard Not Met: Level 1

California Assessment of Student Performance and Progress

California Alternate Assessment (CAA)

Students in grade eleven who have a significant cognitive disability as designated in their Individual Education Plan (IEP) participated in the California Alternate Assessment in the areas of English language arts/literacy (ELA) and mathematics. 2017 administration of the California Alternate Assessment was the first official administration of the test and the individual scores were reported to students.

Students were assessed during the 2019 administration and received individual scores. Due to few number of students the state did not publish AUHSD districtwide data.

California Alternate Assessments are based on new alternate achievement standards called Core Content Connectors.

California Alternate Assessment Reporting Performance Level Descriptors English	
Level 3 – Alternate	The student showed understanding of core concepts in English language arts/literacy.
Level 2 – Alternate	The student showed foundational understanding of core concepts in English language arts/literacy.
Level 1 - Alternate	The student showed limited understanding of core concepts in English language arts/literacy.

California Alternate Assessment Reporting Performance Level Descriptors Mathematics	
Level 3 – Alternate	The student showed understanding of core concepts in mathematics
Level 2 – Alternate	The student showed foundational understanding of core concepts in mathematics.
Level 1 - Alternate	The student showed limited understanding of core concepts in mathematics.

Following is data based on the 2018 California Alternate Assessment. While AUHSD administered the assessment in 2019, fewer than 10 students were tested. When there are fewer than 10 student, districtwide and schoolwide data is not available for reporting to ensure student privacy.

California Alternate Assessment (CAA) Results 2018

Graduation Data

The report below displays the four-year adjusted cohort graduation rate by Race/Ethnicity or Program Subgroup for the 2017-2018 school year. The report also includes the number of graduates who met UC/CSU entrance requirements, earned a State Seal of Biliteracy or earned a Golden Seal Merit Diploma.

The four-year adjusted cohort graduation rate is the number of students who graduate from high school in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. The four-year cohort is based on the number of students who enter grade nine for the first time adjusted by adding into the cohort any student who transfers in later during grade nine or during the next three years and subtracting any student from the cohort who transfers out, emigrates to another country, transfers to a prison or juvenile facility, or dies during that same period.

For the adjusted cohort graduation rate, a “regular high school diploma” is the standard high school diploma awarded to the students and does not include a general equivalency diploma, certificate of completion, certificate of attendance, or any other similar or lesser credential, such as a diploma based on meeting Individualized Education Program (IEP) goals. 2016-2017 was the first time adjusted cohort graduation rate did not include diploma equivalency tests and therefore represented different methodology in calculating graduation rate than what was used in prior years.

California School Dashboard includes graduation rate as one of the measures and will include UC/CSU entrance requirements, Seal of Biliteracy and Golden State Seal Merit Diploma as parts of the College and Career indicator. Below are the definitions of those terms.

Golden State Seal Merit Diploma Indicator: Those cohort graduates who, in accordance with Education Code Section 51454, earned the Golden State Seal Merit Diploma by having (a) completed of all requirements for a high school diploma, and (b) demonstrated mastery of the curriculum in at least six subject matter areas, four of which shall be mathematics, English language arts, science, and United States history, with the remaining two subject matter areas selected by the student.

Graduates Meeting UC/CSU Requirements: Those cohort graduates who a local educational agency determined met all the (a-g) requirements for admission to a University of California or California State University school.

State Seal of Biliteracy: Those cohort graduates who, in accordance with Education Code Section 51460(a), attained a high level of proficiency in one or more languages (including American Sign Language), in addition to English and earned the State Seal of Biliteracy.

2017-2018 Four-Year Adjusted Cohort Graduation Rate						
Students	Cohort Students	Cohort Graduates	Cohort Graduation Rate	Graduates Meeting UC/CSU Requirements	Graduates Earning Seal of Biliteracy	Graduates Earning a Golden State Seal Merit Diploma
All students	1,427	1,376	96.4%	75%	36%	44%

Miramonte HS	328	320	97.6%	85%	57%	60%
AUHSD	1,427	1,376	96.4%	75%	36%	44%
Contra Costa County	13,435	11,807	87.9%	47%	16%	33%
Statewide	434,745	379,566	87.3%	43%	10%	20%

Due to changes in the methodology for calculating the 2016-17 adjusted cohort graduation rate and subsequent years, the CDE strongly discourages against comparing the 2016-17 data with the cohort outcome data from prior years.

Multi-year review of AUHSD graduation data.

A-G Readiness

Admission to CSU and UC is dependent on the completion and grades in the “a-g” course work. Students are a-g ready if they complete all a-g requirements with a grade of C or above. This data will be included in the College and Career Readiness Indicator in the California School Dashboard.

The table below includes numbers and percent of graduates meeting a-g requirements. Some of the subgroup information was omitted due to a small number of students in an effort to protect student confidentiality.

Data below based on the local student data system, Aeries Analytics.

Physical Fitness Test (PFT)

All AUHSD Grade 9 students take the Physical Fitness Test. The Physical Fitness Test (PFT) for students in California schools is the FITNESSGRAM. The test is required by California Education Code (60800). AUHSD students take the assessment March through May in their PE 9 courses as administered by the PE teachers.

Students are scored against the criterion-referenced standards in six fitness areas. These standards represent minimum levels of fitness and achievement of the fitness standards is based upon a score falling in the Healthy Fitness Zone (HFZ) for each of the six fitness areas.

Physical Fitness Test Contents:

- Standards Performance
- Student are presented with multiple options to pass the tests
- Students assessed in:
 1. Aerobic Capacity
 2. Body Composition
 3. Abdominal Strength
 4. Upper Body Strength
 5. Trunk Extension Strength
 6. Flexibility
