Student Meal Accounts: At AUHSD all students have a meal account that is used for purchases in the school cafeterias. Each student has a pin number which is the same as their student identification number. When purchasing food, the student can either scan their identification card or enter their ID number into a pin pad. Food and beverages sold or served at school meet the nutrition requirements of the U. S. Dietary Guidelines.

Prepay Accounts: Our district offers a prepayment system where you may deposit money into your student’s food account in a prepayment on-line system. Cash is accepted as well.

To set up a prepayment account for your student, go to myschoolbucks.com and follow the simple instructions. The district and school websites have a direct link to this site as well. Monies paid into the student account can only be used for purchases in the cafeteria. This system allows students to charge only if there is money in their account. No negative balances are allowed.

AUHSD participates in the National School Lunch and Breakfast Program which provides free and reduced meals to qualifying students. Applications are available at <http://www.acalanes.k12.ca.us/free> or at the school office and cafeteria.
